#### Message from Charman's Desk

"Education is not just about the subjects that are taught and learnt in school. Becoming educated is not restricted to being in a school, then in college, gathering, certificates and feeling of oneself. It is a life long exercise that can be unbelievably exciting if only we wish to jump on to train of experience and take a trip to every conceivable place on the earth". First we all teachers, children and parents have to understand that education is not restricted to lessons taught in the classroom from text books parents and teachers must encourage children to ask as many questions as they can. It will be our endeavor to provide multi faceted education to children so that they are ready to play confidently in the global world. We have worked hard on the task of setting the stage to launch not only world class professionals but also a complete human being in global world. At Rewa International Public School you will therefore find the best of educational facilities and also a host of extra curriculum programs to develop well rounded, well adjusted and confident young citizens. My message to the principal, Staff, students and esteemed parents of Rewa International Public School is to dedicate this year to a correct understanding of what education really means and let us utilize all benefit from this understanding in all aspect of life .

#### Message from Director's Desk

"Somewhere . Some thing incredible is waiting to be known." I came across this amazing quote quite suddenly when I was looking for some information in the internet and realize how relevant it is for all of us: children, parents and teachers. There is never any point in the life of a person when he can sit back and say. "There is nothing more to learn, I can relax with the comforting thought that the universe around me is an open book. I know it all." Education is not just about the subjects that are learned and taught in school. Becoming educated is not restricted to being in school and then in college, gathering certificates and feeling proud of oneself. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth. Now we know that this cannot be done literally, so how do we manage it, first in school and then as we go on through the journey of life.

### Message from Principal's Desk

"A goal in Education is an all round development of a person to establish nonviolent and non-exploiting social, cultural and economic order based on a vision of life that is consistent with dignity of human being." Dear parents, students and well wishers I take this opportunity to greet you with immense joy, appreciation and gratitude for your love and support. Rewa International Public School has been at your service since 2016. This is not just a school but is a family in which the educational community, the management, staff, students and parents work actively to foster this family spirit'. This entire atmosphere of Rewa International Public School is permeated by this spirit which promotes love, justice, peace and cooperation leading to a human family of a trust, harmony and brotherhood. It is my privilege to serve the

people of Rewa through quality education and humble service. My aim is not only to be an administrator but also to be friend and philosopher. I assure my humble service to the students, parents and others. I wish every students to abide by the motto. "Love and Service" and carry on the human spirit in all the activities they undertake "My be learn from the past, live fully in the present and look forward with hope to a bright future".

**"Intelligence plus character is the goal of true education"**

At RIPS we believe that 'children must be taught how to think, not what to think.' RIPS provides an inclusive environment where students are encouraged to put their best foot forward to achieve academic, sporting and social excellence.
